AERATED WATERS.

Much time and attention is given to this branch of the business and our process ensures a perfect filtration and purification of the Water adjustment of the ingredients, and saturation with gas. The average pressure in the Soda Water is Cello to the square inch.

The Machine is of the latest and most im. proved type driven by a 6 H.P. Engine.

We would recommend the following facts to our oustomers :---If Aerated Water is opened carefully and without agitation it will retain an much gus as

if it were under a pressure of two atmospheres. Hongkong-Messrs, DODWELL, CARLILL & Co If opened and decanted in a violent manner it Nagasaki-China & Japan Trading Co., Ld. retains only what it is capable of absorbing under the ordinary barometric pressure. Acrated Waters should be stored with the corl covered by the water.

Hongrone, July 29th, 1893. ANOTHER significant indication of the teeling of the people-or rather perhaps it no service at 8 s.m. on that day. would be more correct to say the feeling of the literate classes-of Central China is afforded by the incident at Kiukiang. Madame DAUTREMER, wife of the French Consul at Hankow, had gone to live in a temple among the mountains behind Kinkiang, but was obliged, owing to the threats of the populace, | yesterday. to retire and return to the port. Kinking, in common with other ports in the Yangtsze Valley, suffers greatly from the intense beat. in summer, and the foreign residents have Hongkong. in consequence erected a bungalow in the picturesque group of hills lying back some four miles from the city, where they can enjoy similar advantages to those afforded to Hongkong residents by the Peak. Tho bung low was no doubt fully occupied, and the French Consul had therefore hired a the Bethel flag, will call alongside any vessel temple among the hills for the use of hoisting code pennant C., to convey men ashore Madame DAUTREMER. It is more particularly proof of hostile feeling to foreigners that tois unoffending lady should have been compelled to leave her cool retreat when it Apear the steamer Japan for the British India was in such close proximity to the Treaty! port. The officials professed their inability cutta and China, is likely to become the property to protect her although the place is so near of the B. I. Company. to the port and within the radius allowed by treaty. This is surely a confession Singapore of a fire in London which covered a either of weakness or indisposition to exert quarter of a square mile of the city betheir authority quite unparelleled, and such district bound indicated. as to call for a very strong remonstrance Court, Bury Street, and Jeffreys Street-a from the French Minister at Peking.

The demonstration against the wife of a foreign Consul, following so close upon the massacré at Sungpu, almost within the same province, would seem to bear out the contention of the missionaries that these outrages and murders are directed against foreigners generally as well as against missionaries, though the latter, as being scattered about the interior in small bodies and out of reach of consular or gunbout protection, offer the safest target for attack. It men ions, which forms part of the extensive con- was signalled to, but no answer was received. would also, at the same time help to disprove the assertion of the Chinese officials gineers and ironfounders, of the same town. The that the popular animosity is excited against pan is 10 ft. in diameter, and weighs about - the missionaries on account of their efforts to propagate the religion of Jesus. Another incipient disturbance at a place called Ichow

FRANCE AND SIAM.

HOW THE PAKNAM MISUNDER. STANDING AROSE.

From a well-informed source we have heard could not go un the river. was boarded by a European in plain clothes doubt, were it only thanks to the evidences of who said he was the Harbour Master and that it so important and so useful a product us the A Chinaman charged at the Penang Assizes

was no use the vessels' proceeding farther as M. | coal, the incontestable future of our Indo-Chi-Pavie was coming down the river to meet them. | nese empire. Captain Bory replied that according to the Treaty he was subitled to anchor at Paknam and that he intended to do so. In the course of the conversation he asked the Harbour Master what time it was high tide, to which the raply he received was "I don't know," whereupon Captain Bory said, "You call yourself the Harbour Master and you do not know what time it is high tide! Get out! " or words to that effect, and ! Harbour Master left the ship. The Inconstant and Comete then went on, with the intention of l'aknam, it may be mentioned, is inside the

From the official correspondence which been published it appears the French Ministr in his interview with the Siamese Minister fo Foreign Affairs insisted on the right of th French ships to anchor at Paknam. On the 12th Prime Devawougse, wrote :- " Nothwith standing your insistence to our interview of t day on having the Inconstant and the Comete admitted to anchor at Paknam, it is my dutto maintain my paremptory objections," etc., and intimated that the entry of the vessels would I this communication has been published.

The article in the French treaty with Sing applying to the case reads as follows :- " French ships-of-war may enter the river and anchor at Paknam but they must give notice to the Siamese authorities in case they desire to go up to Bangkok, and must come to an understanding with them as to the place where they may

A TERRIBLE FALL.

Yesterday afternoon about half-past four conduct imply that they care nothing for the defendants and said that as it had been terrible accident occurred at the East Point not therefore intend to fine him, inasmuch as Five carp nters were engaged in hoisting the that would be no punishment to him. He there- principal beams to the roof of the new squere to fore sentenced Sababady to 14 days' rigorous the Refisery, when, without any warning; the remarked that the sentence seemed to him to be fifty feet to the ground. Three of the men were absurd in that the Court had let off the principal killed instantaneously, a fourth lingered about imprisonment, and he therenpon gave notice of escaped with no very serious injury, being able to walk away with his friends and imbibe a considerable quantity of samebu. Ambulances were immediately sent for and the police, under Inspector Browner and Sergt Ford, upon the scare. The injuries to the men who were killed were not of dreadful appearance and there were few wounds upon their bodies. . The man who so miraculously escaped fell upon his comrades, and their bodies saved him from injury.

THE POLICE.

An interesting function took place vesterin total disregard to their saniority or the day afternoon in the compound of the Central. sion of much heartburning among those Go. duct medels to various officers of the Police insects, and the wonderful leaf-butterflies, which vernment officers who are not cricketers. As force. Before the presentation the force went he showed were common in Hongking, and only the parcel ready than pistols and daggers were giant's work in the Kinta District, immediately sent were Chief Inspector Matheson, Capt. apply for leave of absence and go home. Mr. Thomas, D.A.A.G., Hon: N. G. Mitchell-Innes, Thorold's is even a graver case. The Resident Mrs. May, Miss Barker, and Mr. Granville and so need greater protection.

The Captain Superintendent of Police saidconsideration which will secure his services to Before I present these medals I should like to the State. Good men who are not rich have to make a few remarks. In the first place, I should put up with these eccentricities, and it is good say His Excellency the Governor has expressed that there turns up occasionally a man who can to me his very great pleasure in awarding the afford to resent them, and thus call attention to medals which will be presented to day; and be has the way that an able administrator may select and expressed his regret that he hav been unable to be present this afternoon. It is five years nearly since we had a distribution of medals, and looking ing in habit and pattern to medible forms. through the records of the past I find that these medals have generally been presented for acts of flies. The lecturer, while admitting the theory on a fairer basis. He also ordered that the individual gallantry. Now, the days of piracies accounted for all the facts, arged that at the and robbe ies are well-nigh over, and this is present time birds very seldem ate butterflies. partly due, I suppose, to the advance of civilias, and never did so habitually. People took for tion in this part of the world, and in great men. granted they did, but had not studied the quessare, I think I may claim for this force, it is due tion in the field suff liently. Probably, as birds to the good work of the seespecially, being the oldest are certainly not important butterfly enemies members of the service, who are about to receive now, they may have been so in past ages, and amount was £1,000, Government will pay at medals. Although there may not in future be we have here a record of bygone habit, survining opportunities for exhibiting that plack which is the necessity that gave use to it. day may be; this at the figure named would the natural inheritance of every Britisher—and be Rs 15:118. If payment were made at the also the inheritance of Indians and Chinese. ere to form and colour, and this seems a very rate of exchange prevailing when the Banks still I would remind you there is scope for exhi- strong argument for the sense of need, the apbought the silver, say 1s. 24d, the sum that bitions of pluck of a higher kind, and that is preciation of wants, having had a share in the Chief Justice, presided in the Summary Court What the Banks wished was for Government to the preservation of truth and integrity, moral courage, in strict devotion to duty, evolution of species; a conclusion that Weistake over their silver and coin it, and give them the maintenance of colf-respect, and the maintenance of the honour of the Corps. I sary to suppose that in the past mimle and given them a large profit. On the other may say as long as I have the honour of mimicked were not very unlike in pattern, but commanding this force I shall always deem the one was protected (in dible) the other not London it would have increased the amount exhibition of these virtues as desorving of far Through thousands of generations owing to of Council Bills to be drawn and the banks higher reward then mere spontaneous exhibitions fortuitous variations the mimicked form was of sofs of gallentry. I don't east any aspersions selected out along a certain line, and in an ex on pinck. It is a fine thing; but to attain these actly parallel series the mimicker varied also. qualities of tirtue I have enumerated. I maintain, requires a higher degree of pluck than, say, jump-ing into the Harbour to save a man's life. The Captain Superintendent of Police then handed the medals to the various officers, making a neat and felicitous little speech to each. The following officers were decorated:-In. spector Stanton, Chief of the Detective Depart ment a first-class medal: Inspectors Hennessy and Corcoran, second-class medals: Inspectors Mackie and Gauld, third class bronze medals :

Inspectors Mann, Bremner, and Kemp, one fourth-class medals.

HONGAY BRIQUETTES

A short time ago we published an account The French have compied several islands in some trials made in this harbour with the briquettes manufactured from the Hongay dust school, who deny this action entirely. supplied 100 tons of this fuel to the Messagories London merchants interested in the trade of Maritimes, who put it on board the mail steamer Siam, have written to Lord Rosebery pointing Sydney, for use between this port and Saigon. The Sydney got up steam with the briquettes. and continued using them until the supply was Siam, and that the blockade is aimed at British beau remarkably satisfactory, and to have fully exhausted. The results obtained seem to have borns out the high opinion of this fuel formed by those who have seen it in use. The following account of the trial is taken from a Saigon newspeper, L'Indépendant du Cochin-Chine :-A new experience of the highest interest has just been made with complete success on board the steamer Sydney, of the Messageries, recently Stainfield, lodging house keeper, against Mr. arrived from Hougkong, where this ship took on F. A. Rodwell, late assistant at Mesars. R. morning, reports that on Wednesday, 26th inst., the dust coul of the Hongay mines. Mimicry and Protection. Protection, he said, is the resemblance of species to their surroundings. as in the saud-hue of every mammal, bird, and reptile in the African deserts. Mimicry is the copying, as it were, of the colour-pattern and habits of one species by another, and was illustrat ed by a number of Hongkong insects.

Colour depends physically upon reflected light; things, especially the uniform structure of eyes. lead to the conclusion that the lower animals see colour and form much as we do: but some (ants) are sensitive to rays that are dark to us Experiment and experience lead to the same result. Butterflies can be lured by counterfeit representations; Sir J. Millais found the bees attracted to his painting of apple bloom. Colour is a necessity of physical structure, but descration or pattern is not. In animate nature descration seems to follow the Law of Emphasis.

expounded by the late A. Tylor and the lecturer. the finest architecture upright lines represent height, as in the flutings of Greek columns; horizontal lines represent the opposite. In the ings and ships which mapped their structural but did not beat the pony." lines in light were recognised as the most effective. Just so in animals and plants. The decorative pattern slways follows or is besed upon structural lines, and never changes except where there is a change of structure and function. Hence we see in cats the dark spinal line, different patterns on the limbs and skull, changes of spots and atripes at the joints, and the sense organs emphasized by colour.

In animals colour may be attractive or for concealment, but in either case it depends upon the effect upon the eye; either a negative effect, as when a trout becomes light brown on a sandy and dark on a muddy-bottomed stream, or a positive effect as when ruffs and pheasants dis- venient to visitors than the present theatre. play their plumes. While most colour-pattern site selected for the building was formerly owned is tixed for life, we have steps in a process which by Russell & Co. may point to a more or less conscious developto their surroundings in the pups state. Finally we have trout, soles, plaice, the cham-leon shrimp, chameleous, some frogs, &c., which have the shown by blind forms not exercising this faculty. After sketching the different classes of co

> NEW YORK, 30th Jure. General A. J. Warner, president of the Bimet illio League, came up from Washington this of ernoon and held a conference with Senator John P. Jones of Nevada on the monetary outlook. The announcement that Congress will hold an extra session August 7th makes it necessary for the bimetallists to come together, and after a long discussion on the subject it was decided to call a convention of the Bimefallic League some time prior to the date fixed for the extra session of Congress. It will probably be H. Brick & Coment. about the middle of July.

The Herald's correspondent at Lima cables that the fall in the prior of eilver has produced a financial and commercial orisis in Peru. Business is paralyzed and the rate of exchange is 21 BERLIN, 30th June. The best German authorities on the silver

question think the Latin Union will be dissolved by reason of the silver situation. CLEVELAND (O.), 1st July. Senator Sherman, when asked to-night for his views on the silver question, said the meaenre with which his name was connected was in ton at a meeting of the Bombay Millowners permit of any authentic expression of opinion as the nature of a compromise to prevent the enact-

imminent. "Right here," continued the Senator, " is the stone said the Indian budget was discussed be- that the action of the Indian Government is point at which the inconsistency of some of the fore action was taken regarding the currency of regarded by the United States as doing away Democratic opponents of that law then as now is shown, for while opposing it they favoured a national monetary conference, which was to have measure which provided for the free coinage of "The only objectionable feature in the law i

the clause requiring silver purchases, and that, presume, will be repealed, At all events, I shall vote for the repeal of that clause myself." DUBUQUE (Ia.), 1st July-Senator Allison, in an interview to night on he silver situation, expressed the opinion that the action of India emphasizes the necessity for an international agreement and the United

States alone cannot maintain free coinage. He thinks it clear, in view of this new phase, hat this Government should cease to purchase silver and that the Brussels conference should be reconvened and we should have a comprehensive policy of our own in case it shall appear mpossible for the leading nations to reach common car ement on the subject.

DENVER, let July. Everybody is wearing a broad grin to-day besause silver has gone up to 75 cents per cance. and the prediction is freely made that it will because of their constituents, will find in the go above the 80-cent mark. The opinion is present situation a reason for voting the Sher. general that this was caused by the closing of the mines and smelters of the State, and those who have been manipulating the market understand that Colorado can retaliate in a way This year's New Malwa 3590 0 to 22 cattles. not at all pleasant to the holders of securities Two years' old Malwa ... \$600 0 to 1 in this section by the closing of the mines. 3, 4, & 5 years' old Malwa 8610 0 to 11 Those who have money do not hesitate to buy 6, 7, & 8 years' old Malwa 8629 0 to 1 so rapidly a few days ago.

New York, 1st July. Considerable consternation was felt among im- Benares (Old) \$545 orting merchants to day when the new circular lxing the values of foreign coins for the next three months appeared from the Treasury Department at Washington. The calculations of the circular are based on the average price of silver for the last three months. The circular shows that there has been a decline of only 1 percent., whereas during the past week the decline in the value of silver has been about 15 per cent For example, the China tael is valued by 'the ircular at only I cent less than in the preceding circular, but its value to day has fullen 14 cents. The merchants say they paid for goods in silver at a high valuation, and they are not only losing by the depreciation in silver but are also paying duties on the higher value of silver, and they are

BRUSSELS. 2nd July. The Belgian Government is reported to be Latin Union States for the purpose of considering what action they shall take in view of the recent fall in silver.

LONDON, 2nd July. Goschen, ex-Chancellor of the Exchequer, in an interview regarding the Indian action in closing the mints to the free coinage of silver, said that it must be regarded as temporary and

India now possesses no real standard of value. It is impossible that such a state of affairs should continue indefinitely. Everything depends in India upon how the natives regard the new measure. The natives are naturally conservative and esteemed the rupes almost as Nagasaki sacred. If they absolutely refused to accept | Shanghai the new measure the Government would be Foochow compelled to withdraw it.
